Log in to the **Learning Management System** using your ASDealerNet username and welcome as the password. Search for NATE.

TIPS FROM YOUR TM'S

It's allergy season! Did you know...

- **1 in 5 people in the U.S. have allergy or asthma symptoms**
- **4 million workdays are lost each year due to hay fever**
- **Ragweed pollen season has increased by four weeks over the past 10 years**

There is no cure for allergies, only prevention and treatment.

The **American Standard AccuClean™** system removes up to 99.98 percent of allergens from the filtered air. It offers the **cleanest filtered air available**, and does it faster and more-effectively than any other whole-home air cleaning solution on the market.
